Dear Matthew:

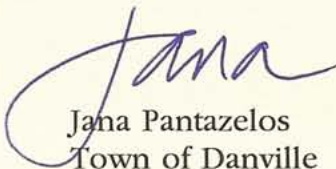

Consider this a fan letter and feel free to quote me!?

I'm enclosing some snap shots from your concert in the Village Theatre last month. It was a terrific evening! I can't tell you how highly I regard your talent and your music. It was a genuine thrill to have Ancient Future in the theatre and to hear the wonderful sounds of your band waft through this old building.

I hope we can have you back sometime. Maybe at another concert in the park?

All the best to you and your band mates.

Warmest regards,
